CONDITIONS OF SALE

1. *The highest Bidder to be the Buyer, and if any dispute arise between two or more Bidders, the Lot so in dispute shall be immediately put up again and re-sold.*

2. *The Auctioneer reserves the right to reject any bid which is merely a nominal or fractional advance, and therefore, in his judgment, likely to affect the Sale injuriously.*

3. *The Purchasers to give their names and addresses, and to pay down a cash deposit, or the whole of the Purchase-money, if required, in default of which the Lot or Lots so purchased to be immediately put up again and re-sold.*

4. *The Lots to be taken away at the Buyer's Expense and Risk within twenty-four hours from the conclusion of the Sale, unless otherwise specified by the Auctioneer or Managers previous to or at the time of Sale, and the remainder of the Purchase-money to be absolutely paid, or otherwise settled for to the satisfaction of the Auctioneer, on or before delivery; in default of which the undersigned will not hold themselves responsible if the Lots be lost, stolen, damaged, or destroyed, but they will be left at the sole risk of the purchaser.*

5. *While the undersigned will not hold themselves responsible for the correctness of the description, genuineness, or authenticity of, or any fault or defect in, any Lot, and make no Warranty whatever, they will, upon receiving previous to date of Sale trustworthy expert opinion in writing that any Painting or other Work of Art is not what it is represented to be, use every effort on their part to furnish proof to the contrary; failing in which, the object or objects in question will be sold subject to the declaration of the aforesaid expert, he being liable to the Owner or Owners thereof for damage or injury occasioned thereby.*

6. *To prevent inaccuracy in delivery, and inconvenience in the settlement of the Purchases, no Lot can, on any account, be removed during the Sale.*

7. *Upon failure to comply with the above conditions, the money deposited in part payment shall be forfeited; all Lots uncleared within one day from conclusion of Sale (unless otherwise specified as above) shall be re-sold by public or private sale, without further notice, and the deficiency (if any) attending such re-sale shall be made good by the defaulter at this Sale, together with all charges attending the same. This Condition is without prejudice to the right of the Auctioneer to enforce the contract made at this Sale, without such re-sale, if he thinks fit.*

8. *The Undersigned are in no manner connected with the business of the cartage or packing and shipping of purchases, and although they will afford to purchasers every facility for employing careful carriers and packers, they will not hold themselves responsible for the acts and charges of the parties engaged for such services.*

PREFATORY NOTE

MEMORIAL HALL, PHILADELPHIA, PA.,

January 7, 1913.

DR. PLEASANT HUNTER,
15 Washington St.,
Newark, N. J.

My Dear Mr. Hunter:—

I have carefully examined the manuscript of your catalogue, particularly that part relating to pottery, porcelain and glass, and have taken the liberty of correcting the few mistakes I have found therein. I would suggest the use of the word "Chinese" in connection with the term "Lowestoft," in order to prevent misunderstanding, since these pieces are not the soft-paste English Lowestoft, but the usual Oriental hard-paste, or pseudo-Lowestoft, of collectors and dealers.

Having enjoyed the privilege of inspecting your collection, I was impressed with the high quality and variety of the English so-called lustre group, which contains many unusual types, and with the blue and white Staffordshire pieces, which include such a large number of rare historical designs, in the best condition. I have been particularly interested in the examples of the more unusual wares, which seldom come into the market, such as a Samuel Boyle cream-ware jug (No. 287), an old Jersey City blue and white flowerpot and saucer (No. 440A), and some rarities belonging to the Bennington school. Of no less importance are the Staffordshire and Liverpool jugs and the old English fritted porcelains, while the collection of old glass, particularly the Bristol group, and the Bilston and Battersea enamel patch boxes, greatly increase the scope and educational value of the collection.

Very truly yours,

(Signed) EDWIN A. BARBER.

After the Franco-German War he left Paris and went to England and connected himself with "Messrs. Minton, of Stoke-upon-Trent, for whom he worked until his death, April 25, 1900." In a booklet published by Tiffany & Company appear these words: "The ability of M. Boullemier is of such a high order that it may be well said he was without a single contemporary competitor. His skilful paintings of cupids and mythological subjects have always been greatly admired and much sought after by collectors of ceramics and his exquisite decorations of plates and vases remain as examples of his strong individuality."

He secured for \$50 a rare plate which was decorated with a medallion showing the steamer North River, in which Lafayette made the journey to Poughkeepsie. He also bought a Castle Garden pitcher in dark blue for \$100 and a Mount Vernon pitcher for \$62.50.

Other sales were: A deep dish, "Hall of Fame" pattern, to Mr. Heiffenbach for \$65; two pitchers to Frank Seaman, \$90; Liverpool pitcher to Mr. Madigan for \$85; "Wadsworth Tower", cups and saucers to Mrs. C. D. Kienbruch for \$66, platter of the Deaf and Dumb Asylum, Hartford, for \$82.50 to H. A. Dixon, who also secured the Boston State House platter for \$70, and the "View of Albany" plate to Mr. Ulrich for \$60.
